

WELLINGTON PRIMARY SCHOOL

ACCESSIBILITY PLAN

	Print name	Date Approved	Review Date
Headteacher	Mrs Joy Wood	October 2023	October 2024
On behalf of Governing Body	Mrs Divinder Purewal		

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- a) He or she has a physical or mental impairment, and
- b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Accessibility Plan will be reviewed every year and approved by the Governing Body. The review process can be delegated to a committee of the Governing Body, an individual or the Headteacher. At Wellington Primary School the Accessibility Plan will be monitored by the Headteacher and evaluated by the relevant Governors' committee. The current Accessibility Plan will be appended to this document.

At Wellington Primary School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

The Accessibility Plan has been developed and drawn up based upon information supplied by the Local Authority, and consultations with pupils, parents, staff and governors of the school. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes. The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty. The Accessibility Plan will be published on the school website. The Accessibility Plan will be monitored through the Governor Finance and Premises Committee. The Accessibility Plan may be monitored by OfSTED during inspection processes in relation to Schedule 10 of the Equality Act 2010.

Wellington Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

The Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipates the need to make reasonable adjustments to accommodate their needs where practicable.

The Accessibility Plan relates to the key aspects of physical environment, curriculum and written information:

- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (if a school fails to do this they are in breach of their duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or schools visits – it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include hand-outs, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

This Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Behaviour Policy
- Long Term Curriculum Map
- Teaching and Learning Policy
- Health and Safety Policy including risk assessment
- School Prospectus
- SEND Policy

The Accessibility Plan for physical accessibility relates to the Access Audit of the school, which remains the responsibility of the Governing Body. It may not be feasible to undertake all of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

Aims and Objectives

Our Aims are:

- Increase access to the curriculum for pupils with a disability,
- Improve and maintain access to the physical environment
- Improve the delivery of information to pupils,

Our objectives are detailed in the Action Plan below.

Current good practice:

We aim to ask about any disability or health condition in early communications with new parents and carers. For parents and carers of children already at the school, we ask parents to keep the school informed of any changes to the information they have provided.

Physical Environment

There are no areas of the school to which disabled pupils have limited or no access at the moment. Disabled pupils participate in extra-curricular activities. Some aspects of extracurricular activities present particular challenges, for example lunch and break times for pupils with social/interaction impairments, after-school clubs for pupils with physical impairments and school trips for pupils with medical needs, however all reasonable adjustments are made to support as full an involvement as possible.

Curriculum

Through planning for an individual's needs, we aim to provide as inclusive an approach as practically possible. Some areas of the curriculum present particular challenges, for example: PE for pupils with a physical impairment, however all reasonable adjustments are made to support as full an involvement as possible

Information

Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is planned, with

a range of different formats available for disabled pupils, parents and staff.

Access Audit

The school is a one storey building. The main corridors are wide. People can enter the building from several access points outside.

On-site car parking for staff and visitor includes a dedicated disabled parking bay. All entrances to the school are either flat or ramped and all have wide doors fitted. There are disabled toilet facilities available. This is fitted with a handrail and a pull emergency cord.

The school has internal emergency signage and escape routes are clearly marked. Personalized evacuation plans will be put in place as required.

The school canteen is a separate building, which has a ramped entrance.

Management, coordination and implementation

We will consult with other professionals and services when new situations regarding pupils with disabilities are experienced.

The Governors and Senior Leadership Team will work closely with the Local Authority.
