

Homework

We are going to continue to set Learn by Heart Maths homework on a two week cycle. We would be grateful if you would support your child in practising these important facts.

Please continue to support your child to learn their spellings by completing the 'Look, Say, Cover, Write, Check' sheet. Please can this be returned each week by the date shown on the sheet.

Please make sure that your child keeps their Learn by Heart book and blue spelling book in their book bag. Thank you.

P.E.

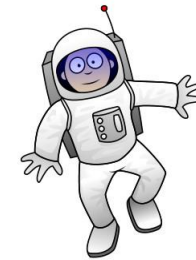

Monday and Thursday for both 1M and 1K. Please ensure that your child has their full P.E. kit in school and that all items of P.E. clothing are clearly labelled.

Shoes

Please make sure your child has indoor shoes, these can be either pumps or soft shoes.

CAN YOU PLEASE MAKE SURE YOU NAME YOUR CHILD'S INDOOR SHOES, UNIFORM, COAT AND BOOK BAG. THANK YOU.

Year One Curriculum Newsletter

Spring Term 1
January 2019

**Welcome back after the Christmas holiday
and a Happy New Year!**

Our topic this half term will be Space.

This half term Year One will be learning...

English

Our English work will cover fiction work based on a number of Space fiction books. We will be retelling stories, writing our own stories and writing letters in role. We will be acting out stories and doing a range of drama activities to support our writing. We will be making Space Dictionaries and writing exciting Space poems. We will continue with our ongoing phonics work and reading activities.

Maths

We will be continuing to work on our basic skills and we will continue to add and subtract, using objects and pictures. We will be using numbers to 20 and learning about ordinal numbers and number patterns.

Science

We will be learning all about different types of materials. We will be developing our investigative skills through completing investigations into which materials teddy should use to make his space suit.

History

We will be learning all about famous space missions, in particular, the first moon landing. We will be finding out about more recent space exploration and learning about the life of Neil Armstrong.

Design Technology

We will be looking at simple mechanisms through designing and making moving Space pictures.

R.E

We will start a new Topic called Our World. We will be learning about how to look after and take care of our environment.

PSHE

We will be thinking about relationships, feelings, empathy and understanding.

COMPUTING

We will be continuing our work on modelling and then focusing on data handling by reading and interpreting graphs and charts and producing our own.

P.E

This half term we will cover two units on Dance and Games.

Reading

Try to read with your child every night, if possible. Please can you sign in their red reading record book to say they have read with you (comments are optional) and write the title of the book. Your child can then change their reading book themselves the next morning. If your child has read at home then they will earn themselves and will earn points to collect stickers and certificates!
